OBJECTIVE

I'm a self-taught backend developer with practical experience in JavaScript, Node.js, and MongoDB. I've worked on projects that showcase my skills in building APIs, managing databases, and solving problems. I'm eager to work in a dynamic environment and am dedicated to improving my skills and learning new technologies. My aim is to contribute to a team and help create efficient, high-quality software.

PORTFOLIO

EXPERIENCE

Stackup Learning Hub Trivandrum, Kerala

Software Developer Intern   Feb 2024 - present

    Developed a strong foundation in backend development using the MERN stack.Created projects that highlight my skills in backend architecture, APIs, and database management. Built scalable and secure backend solutions with a focus on server performance and data integrity..

PROJECTS

Blogging Platform   **Node.js, Express.js, MongoDB, Ejs**

Developed a blog management web application with full CRUD functionality using Node.js, Express.js, MongoDB, and EJS within an MVC architecture. Implemented user registration, login, and an admin portal for content management. Secured authentication with JWT and sessions, and designed a responsive front-end with HTML, CSS, Bootstrap, and JavaScript, integrating front-end API calls for seamless backend interaction.

Employee Management System   **HTML, CSS, Bootstrap, JavaScript**

Developed a web application for managing employee data with full CRUD functionality, including search and pagination for efficient data handling. Created a responsive, user-friendly front-end using HTML, CSS, Bootstrap, and JavaScript. Implemented user authorization, registration, and backend API integration for enhanced functionality.

Static web page   **HTML, CSS, Bootstrap**

Created a responsive static webpage using HTML, CSS, and Bootstrap, applying modern design principles,ensuring cross-browser compatibility, and optimizing page load speed.

SKILLS

Front-End Development	HTML5, CSS3 , Bootstrap,Javascript
Back-End Development	Node.js,Express,Ejs,Socket.io,RestAPI,bcrypt JS
Database	MySQL, MongoDB
Soft skills	Adaptability ,Teamwork and Time Management

EDUCATION

Kerala PSC Rutronix   **2022-2023**

Post Graduation Diploma in Computer Application [PGDCA]

Sree Krishna College Guruvayur,Calicut University   **2019-2021**
